<http://eric.seidel.io>

Education

- **UC San Diego** La Jolla, CA
Ph.D. Computer Science 2017
 - Thesis: “Data-Driven Techniques for Type Error Diagnosis”
- **The City College of New York** New York, NY
B.S. Computer Science 2012

Work Experience

- **Bloomberg LP** New York, NY
Senior Software Engineer Aug. 2017 — Current
- **UC San Diego** La Jolla, CA
Graduate Student Researcher Sep. 2012 — Aug. 2017
 - Built tool to synthesize counter-examples to type errors.
 - * Performs type-checking alongside execution, produces trace demonstrating how program gets stuck (E. L. Seidel, Jhala, and Weimer 2016).
 - * <http://goto.ucsd.edu:8091>
 - Worked on refinement type-based verifier for Haskell.
 - * Implemented efficient testing framework using refinement types to prune input search space (E. L. Seidel, Vazou, and Jhala 2015).
 - * Verified memory safety and functional correctness of `Data.Text` library, discovered and fixed a memory bug in the process.
 - * <https://github.com/ucsd-progsys/liquidhaskell>
- **Bloomberg LP** New York, NY
Software Engineering Intern Jun. 2016 — Aug. 2016
 - Worked on Haskell libraries to communicate with existing software infrastructure.
- **Galois, Inc.** Portland, OR
Software Engineering Intern Sep. 2014 — Dec. 2014
 - Worked on symbolic verifier for Ivory, an EDSL for programming embedded systems.
- **Fluidinfo Inc.** New York, NY
Software Developer May 2011 — Sep. 2012

Open Source Contributions & Service

- Member of the GHC Steering Committee (2018 — Current).
- Contributed `HasCallStack`, a lightweight call-stack mechanism, to GHC.
